JACK-O-LANTERN ART

Use the pumpkin below to draw the face of your pumpkin – make it happy, silly, scary or whatever you like! Then share your art with an adult who can help you carve it into a real pumpkin.

Reasons to **Eat Pumpkins**

Eating a ½ cup of cooked pumpkin will give you lots of vitamin A.

Vitamin A is good for you because it helps keep your eyesight healthy, help your body fight infections, and helps keep your skin healthy.

You can eat pumpkins in many ways including cooked, mashed, steamed, in soups or even breads. Canned pumpkin has many of the same nutrients as fresh pumpkins.
